

Cancellation & Refund Policy — Quick Guide for Vendors

Updated Policy – Effective December 12, 2025

Presby Pickins' Flea Market is a high-demand, outdoor market. As the market has grown, we've updated our cancellation, refund, and reservation procedures to ensure clarity, fairness, and a smooth experience for vendors, shoppers, and organizers. This Quick Guide provides a plain-language overview of what vendors should expect when making and managing reservations.

Important Overview

Reservations are date-specific commitments.

Vendor spaces are limited, and reservations are held for the selected market date only.

Cancellations & Refunds

Market Day is considered Day 0.

Refunds are based on when written notice (email or text) is received.

Refunds are issued as follows:

- More than 15 days before Market Day: Refund minus a 20% administrative fee
- 3–14 days before Market Day: 50% refund
- Less than 3 days before Market Day: No refund

Payments associated with a cancellation are not transferred, held, or credited toward future market dates.

If you cancel and wish to participate in a future market, you must make a new reservation based on availability.

Vendors may choose to designate a canceled payment as a donation to the Market.

No-Shows

Vendors who do not attend their reserved market date and have not provided written cancellation at least 24 hours in advance will be considered no-shows.

No-shows forfeit all fees and may affect future booking privileges.

Weather

Presby Pickins' is an outdoor market, and weather is a known part of participation.

Weather credits are issued only if the Market cancels before opening due to weather or safety concerns.

Weather credits apply to vendor space and pre-paid rentals only.

Credits are valid for the current season, are non-transferable, and may be used only toward a new reservation.

Weather credits do not guarantee availability for a future market date.

If the Market opens and later must shut down due to changing conditions, refunds and credits are at the sole discretion of the Market.

If a vendor chooses to cancel due to a weather forecast and the Market has not canceled, the standard Cancellation & Refund Policy applies.

Vendor Responsibility

Each reservation applies only to the selected market date. Presby Pickins' does not move vendor reservations, hold spaces, or coordinate placement in other market months.
